Technical Skills

Languages: JavaScript, React JS, Node.js, TypeScript, HTML/CSS, SQL

Developer Tools: VS Code, StackBlitz, Google Cloud Platform,

Technologies/Frameworks: , GitHub, React

Experience

GREENMEN CONSULTING

June 2023- - Present

Software Engineer (Component Developer)

Remote

- Annotated and validated various components, including accordion, sidebar, button, and pagination, in a React application using Bootstrap, Material-UI, and custom CSS to ensure functionality and compliance with client requirements
- Collaborated with the development team to identify and rectify any issues or bugs in the components before delivering the application to the client
- Worked closely with the CSS team to ensure proper styling and layout of components, ensuring a seamless user experience while utilizing Bootstrap and Material-UI CSS frameworks
- Played a key role in quality assurance, helping to ensure that the React app met high standards of performance and user-friendliness while utilizing Bootstrap and Material-UI for responsive and user-friendly design.
- Additionally, contributed to teaching AI by providing labeled data and insights to improve AI algorithms for various aspects of the project.

Solar Secure Solutions

Jan 2023 - May 2023

Full Stack web developer

Remote

- I created an e-commerce website using Html, css, Javascript, React.js, Node.js

Projects

Food Villa App | *React JS*

August 2022

- * Technologies Used: ReactJS, React Router, React Hooks, React Redux, Node.js
- * Create a responsive and user-friendly web application using ReactJS
- * We use many React Hooks in this project and for the Data Store we use React Redux

React Crud App | *React JS*

October 2022

- Technologies Used: ReactJS, PHP, SQL, REST API
- Created a user-friendly front-end interface using React.js to interact with the PHP-based backend.
- Implemented a PHP-based server to handle CRUD operations on a SQL database, enabling data management

Reactive Form Crud APP | *Angular*

March 2023

Technologies Used: TypeScript, Angular, Angular Life cycle, Reactive Form

Utilized Angular's Reactive Forms to create dynamic, data-driven form controls and validations

Implemented a comprehensive CRUD system, allowing users to perform data operations seamlessly

Achieved a user-friendly interface with responsive design, enhancing the overall usability of the application.

Education

Aryabhatta Knowledge University Patna

Sep. 2018 – Sep 2022 (8.29 CGPA)

Bachelor of Science in ECE

Vaishali, Bihar

Sushant Public School

April. 2017 – May 2018

Secondary Education

Muzaffarpur, Bihar
